Museum „Ostatnie Takie Galicyjskie” was established in 2001 by Paweł Domański.

There are seven show halls including:

- Kitchen
- Archiwal
- Baking
- Craft
- Agriculture
- Military
- Farming

All the exhibits in our museum were donated by the residents of Żabno and its vicinity.

The oldest map of Poland definitely deserves attention. It dates back to 1505.

You can spin an old clock wick used to be located on the Tower of the Town hall in 1905-1910.

The museum is fully accessible for disabled visitors. Our school is equipped with a modern elevator.

Paweł Domański himself takes around the museum.
